ABSTRACT

Ninety-eight books, including five coloring books; three filmstrip/cassette entries; eight pieces of software; seven recordings; and one play constitute this bibliography intended for Native American readers. Most of the printed material, published between 1963 and 1987, is intended for young readers and deals with Indian legends and culture. Some of the books are available as film strips/cassettes. Most of the software, though not specifically pertaining to Indian culture, is offered to assist early readers. Most entries are annotated. (TES)
